

THE RIGHT VIBE FOR
INDUSTRIAL
AUTOMATION

THE COMPANY

01

Tumac S.R.L. is a leading company in the design and production of systems and components for industrial automation. Thanks to a know-how and R&D consolidated in over 50 years of activity, the activity operates in the most varied sectors. Founded in 1965 in San Giuliano Milanese, Tumac continues to operate in the same location.

The high quality of the raw materials leads our products to stand out for the high performance achieved and for the long seal. Our power supply systems are entirely built and assembled in Tumac workshops, and tested in our laboratories with strict protocols.
